

Next Step Class – Session 1

The bible we use is the New Believer's Bible – First steps for new Christians by Greg Laurie

This subject is probably one of the hardest subjects to talk about in Christianity, but with God's help, we can, and we will work through it. Let's watch the video for session 1 – "The Triune God."

Video Notes:

- Feel free to click on the Genesis Chapter One link. This video references this chapter.
- God wants us to get to know him and his attributes – He does this through the scriptures.
Everything we need to know about God is made clear – Genesis Chapter 1
- God is creator – was there in creation from the beginning
- Attributes of God – God the father, God the Son, and God the Holy Spirit
- The word Trini is not in the bible but throughout scripture the meaning is there – John 1:1 page 103

How to apply what we have learned

What are some keys to get to know God better?

1. To know God better, engage in a lifelong journey of faith, study, prayer, and fellowship, accepting Jesus as your Savior, studying God's Word, and seeking guidance through prayer and community.
2. Prayer is also an important part of knowing God better. As we pray, we praise God for His character and for what He has done. We spend time with Him, relying on His power and allowing the Spirit to intercede for us "through wordless groans" ([Romans 8:26](#)). Page 183
3. Also consider that one can get to know God better by fellowshiping with other believers. The Christian life was not meant to be lived alone. We learn more about God through the preaching of God's Word and the godly counsel of those who walk with Him. Make the most of your church experience, get involved, do small-group Bible study, go witnessing with fellow believers. Just like a log ablaze on the hearth soon goes out when it is removed and placed aside, so we will lose our fervor for God if we do not fellowship with other believers. But put the log back into the fire with the other logs, and it will burn brightly again.
