Galatians 1:11-24

BIG IDEA: There is no reason to proclaim any other gospel because the gospel we have received comes from God and transforms lives.

DISCUSS

What is Christianity? How would you define or describe it to someone who doesn't know?

How can we know that the gospel Paul preached is the true gospel?

People in Paul's day claimed that Paul made up his gospel. How do people question Paul's teaching today? How would you answer them?

APPLY

Paul's pre-conversion life exemplifies how we can be zealous but wrong. Has this ever been true of you?

How can you guard against misplaced zeal?

How is Paul's conversion a testimony to God's transforming grace?

In what ways, as you look back, can you see how God worked in your life:

- before you were even born?
- before your conversion?
- since you've been a Christian?

What is one area in your life where you know there's a need for improvement and growth?

COMMIT

Think of someone who, from a human perspective, seems unlikely to be saved. Commit to praying for them.
