

# SERMON NOTES

A SUFFICIENT WARNING: SATAN'S SERVANTS

**2 Corinthians 11:5-15**

BIG IDEA: We must learn to recognize those who appear to serve Christ but are servants of Satan.

# APPLICATION GUIDE

September 18, 2022

## DISCUSS

How can satanic servants like the super apostles work their way into the church today, like in Corinth?

What harm can they cause (2 Peter 2:1-3)?

How can we recognize them (Matthew 7:15-20)?

How should the church respond to them (2 Timothy 2:24-26; Titus 3:10; 2 John 10-11)?

## APPLY

How can you use your gifts and abilities to influence people in a way that exalts others, not yourself?

What do you hope to get out of serving in the church?

How can you focus on what you can humbly give rather than what you can personally get?

How can you keep yourself from being a spiritual pretender and hypocrite?

## COMMIT

What step can you take this week to guard against the deceit of Satan's seductions and his servants?
