How does Paul characterize our condition under the Law?

What does this look like practically?

In what ways is Jesus uniquely qualified to secure our redemption and adoption?

What unique status do believers in Christ have?

What additional blessings does God give us through his Spirit?

APPLY

Because God's timing was perfect in sending Christ, how can you trust his timing in your life today?

What practical steps can you take to avoid falling into the same trap as the Galatians?
