## Understanding Premillennialism

~ Significant observations about this interpretation of Revelation ~

### When will the rapture happen?

The rapture is the event where the faithful are called up to meet Jesus. The timing of the rapture is incredibly significant for a premillennialist perspective. If there is a “**pre-trib**” rapture then the church will be removed from the earth and be spared from the tribulation. A “**post-trib**” rapture would see the church enduring through the time of tribulation.

According to this viewpoint we are anticipating the arrival of the tribulation. Therefore the condition of the world will get much worse.
