

Our Global Church Partners in **Benin & Togo**

Peter & Carolyn Bitner

THEIR MINISTRY

FBC has been partnering with Pete and Carolyn working with Lokpa churches in Togo and Benin for almost 20 years. Pastors and elders in both countries have been taught the Knowing God book. With their new knowledge and growth, they can better teach it to their people. The two Lokpa translators are finishing up the final few books of the Growing Believers' series. The pastors gather bi-monthly and are currently going through the study of Revelation to then teach their congregations. In Togo, the Gourma leaders are translating and teaching the materials to their 12 small churches, and Pete and Simon teach a group of pastors in French. Two Kotokoli (Tem) leaders are translating the Growing Believers' series; the Creation to Christ – 24 Lessons and Acts are being used to disciple new believers who are coming out of Islam.
