

# Our Global Church Partners in **South Africa**

---

Cedric & Pauline Chippendale

## THEIR MINISTRY

Cedric and Pauline are involved in the ministry of developing leaders within the local church to become “a trainer of trainers.” They are partnered with the Boones and Lundas to carry out this work in Zambia and the DRC. As they teach, they host training seminars in these countries for leaders to be equipped as “trainers of trainers.” Upon completion of the prescribed training, these men and women are encouraged to repeat the training process in the areas where the Lord has placed them. Through this process of training, by teaching the scriptures progressively and systematically, they are involved in a ministry of equipping, training, and releasing leaders to do the work of the ministry. They are also involved in various ministries in the city of George where they live.

## OUR INVOLVEMENT

FBC has been partnering with the Chippendales since 2000. Cedric has become our trainer in Africa and we work with him in the equipping of church leaders throughout Africa.
