Martha Beitzel

THEIR MINISTRY

Martha Beitzel, from FBC, is learning the Bisaya language and culture in the city of Malaybalay in the Philippines. During the past two years, she has been blessed to build relationships with local people and practice evangelism and discipleship as she learns from them.

After a furlough this winter, she will begin the process of building a house and moving into a tribal people group in the beautiful mountains of the island of Mindanao and learning their language and culture in order to translate Scripture in support of the local church and the gospel teaching of her teammates.
