

Our Global Church Partners in **Native American Regions**

Alden Natonie

THEIR MINISTRY

The mission for each of these ministries is to reach people with the gospel and disciple them in their relationship with God. Although there is much pain, struggles, and lack of hope on all of the reservations. These ministries bring the message of true hope that there is a God who cares and loves them. Seeing lives transformed by God's grace and love and people knowing who God is, is their goal.

OUR INVOLVEMENT

FBC's involvement varies in terms of how long we have been in partnership with each ministry. However the goals of our involvement with each one and how we seek to reach those goals all remains the same; that is to help them seek to establish Native American churches in the faith by helping each church raise up the next generation of leaders.
