

Our Global Church Partners in **Mexico**

Fernando & Maria Navarro

THEIR MINISTRY

I'm a pastor at the Vida Nueva Bible Church in Chiapas, southern Mexico. My main job is preaching and teaching in the church. After the bakery, things changed drastically. Some of the men in the church died. Now I'm working with the few men in the church. We're working to establish a group of men to function as elders within the church. My wife, Maria, is in charge of teaching the women. We have a couple of teachers for the children. Now we're going out to share the gospel door to door and with our unsaved family members. We ask for your prayers that God establish elders in the church and allow us to continue working for His glory.

OUR INVOLVEMENT

We continue to work with Fernando and Maria to help them establish their people in the faith through the foundational teaching of God's Word. They are able to pass along to other pastors and churches the same teaching that we have given them since 2003.
