

Testimony of Sanford “Sandy” Boylan

I grew up in a Bible believing church. We attended on and off during the years, and I often went to church camp in the summer. My parents divorced, I became a teenager and got away from the Lord. In my mid 20's, I started dating my future wife, and we began attending a Baptist church. I fully committed my life to Christ, was baptized, and began being involved in church activities.

We moved to the Dayton area several years ago. We have visited and attended a few good churches during this time. After hearing about Lighthouse, we attended and have found that this is a church that follows the words and commandments of Christ. We want to be part of this mission.
