Learn how to make the greatest impact with your NextGen loved ones: How to listen well, turn issues that divide into bridges that connect with Jesus, and how to access Legacy Imperative's library of videos and study guides. Plus, get answers to your most pressing questions about your NextGens.

Look for our email with details and the registration link in the coming weeks.

Dear Friends,

You've done it again! Your generous support has enabled Legacy Imperative to achieve next level awareness, grandparent and NextGen engagement, and organizational solidarity.

In October, we launched our new logo and website, featuring brand new resources, including video Bible studies with discussion guides for groups, teens, and younger children. In November, our SW Florida-based supporters enjoyed an insiders' look at the new site resources, features and app. Look for more to come!

Our social media engagement has also continued to grow significantly, validating our strategy to go to a digital world, rather than to exclusively focus on Summits. We had over 43,000 views on our social platforms just last month! Of course, we continue to offer our NextGen Summit and other live events to Churches. At a September Summit in Baxter, MN, Lakewood Church, we met with a full complement of enthusiastic grandparents and their families.

Finally, we are proud to have received the highest Platinum rating by Candid and a 3+ ranking by Charity Navigator. We are well-positioned for recognition by major funding organizations and donors. Through God's grace, we are having a profound effect on the lives of grandparents, parents and NextGens, and are ready to make even greater strides. Thank you for being vital members of the Legacy Imperative team!

With sincere gratitude,

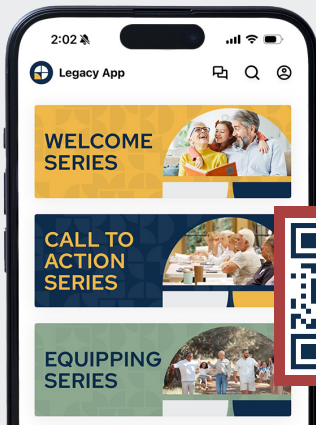

Dr. Bob Petterson
