

CCW STUDENT CONTACT CONSENT

CCW Parents/guardians,

Communication is an important part of student ministry. It helps build friendships among students and provides opportunities for encouragement and mentorship from leaders. Many students already use phone or digital communication to ask questions about events, share prayer requests, or send invitations to activities. Group messages are also a helpful way to share updates, prayer needs, and encouragement with students and leaders together.

Parents cannot join certain student/leader group communications because every family has different communication preferences. This form allows you as the parent/guardian to decide what type of communication you are comfortable with for your student. Our goal is to ensure safety, clear communication, and respect for your family's choice.

In Christ,

Eli Alexander
