

# HUBS

People of His Presence

## Mission

A place of gathering, bringing people together to hear what IAm is speaking presently in the earth and to rejoice over His words.

Gather for the following:

**Introduction** - Introduce people to the presence of the Lord.

**Instruction** - Take the words from IAm and become a repeater of the Word of the Lord.

**Orders** - Focus on reaching your community and city by touching people with His presence in various ways.

**Action** - People on assignment in their neighborhood and city. Whatever He said in His presence we will do in the land.

# Purpose

HUBS created to give you the tools to “Take Back.”

IAm desires a people that will follow after His presence.

- Take back the Ground (your heart)
- Take back their Family (spouse, kids, relatives)
- Take back their Neighborhood (friends)
- Take back their City (marketplace)
- Take back their Nation (regions)

Progression takes place by inviting your neighborhood to ChurchHouse.

## HUBS

Do not build without purpose. My purpose is creating hubs that are 12 - 15 people strong.

12 - 15 adults. Every 15 people should go from 12 to 15 for three months then launch another ChurchHouse. Choose leaders amongst your groups to be the next house. Go after the family first.

## Tithe/Offerings

Receive what is sown into you. They need to sow. Sowing produces the seeds in the ground that will sprout and produce fruit.

Word from IAm concerning the giving of finances.

Giving will be followed by His promise...and there will not be sick among you nor will there be poor among you.

# Content

Teaching—From ChurchHouse YouTube videos and/or live

## Kingdom Leaders

I Am will send the leaders.

Build leaders and they will build leaders and teams. This will bring about a great release in the earth as worship penetrates the atmospheres over cities and My church invites I Am to inhabit and sit as judge in the midst of your release.

## Quarterly Meeting

Our purpose and goal for these quarterly worship experiences are based on these words from I Am.

*I want you to:*

*Charge my presence to charge a room.*

*Charge my people with expectation.*

*Charge the atmosphere with I Am.*

***Charge: to release the particles of I Am all through the room.***

*I will engulf a room filled with and charged with expectation. I will fill those seeking after me because they want more of I Am.*

*Not a sermon. Not a song. Not a mission statement on a wall.*

*Just a strong desire to get in with I Am and make room for me to break into your situations and love like an avalanche that falls and pushes everything out of its way.*

# The Rhythm of God

## The Rhythm of your City

In the following word from IAm we see that there are rhythms to the flow that we must tap into. Your city has a rhythm that is different then the rhythm in my city. You must ask God to show you the rhythm in your city and then move accordingly.

### ***The spirit of God has a rhythm***

*Just as there is a rhythm in the natural, there is a rhythm in the Spirit, find the rhythm and move with the wave of God.*

*The rhythm will bring access to the degrees that it will take to open the heavens over your city.*

*There is an angel over the city that is awaiting to be released with the sound that will pierce the sky and open up the access point for the angel to descend and begin working on behalf of the will of I Am.*

*This can not happen without an access point. The access point will not be revealed and opened until the degree of the praise from the city begins to rise to a level of connecting with the heaven above it. Our praise and worship is not just for us but it is a sword that will pierce the darkness and reach into another realm causing the current reality to shift because of the heaven that was pierced in the spirit.*

*God wants to do this here in your city and in other cities. This is why we build ChurchHouses everywhere. Hubs of His presence.*

## **Quarterly Meeting cont. —**

**Gather the Troops**— There are Princes over regions and cities

I Am says:

*These Princes are principalities*

*They set up garrisons within cities that become strongholds over a city.*

**Garrison** - a body of troops stationed in a fortified place.

**Stronghold** - a well-fortified place; fortress.

1. a place that serves as the center of a group, as of militants or of persons holding a controversial viewpoint:

Your goal is to set up garrisons of worship. You are gathering these Garrisons from all over the city. The corporate quarterly meeting will create strongholds of my presence in those cities.

These strongholds of my presence will produce protection and safety but will also have the power to produce change through miracles, signs and wonders, because my presence is the ultimate stronghold.

*David said, But thou, O Lord, art a shield for me; my glory, and the lifter up of mine head.*

*Psalms 3:3 (KJV)*

# Unity

We are building a community of “like-minded” people.

*IAm*

*I want a gathering of like minded people*

*The test of their sincerity will be there willingness to act obediently. IAm will put the call in their Spirit to attach themselves and their hub to your organization. IAm will be the voice but they must become a body and not be separated.*

*Separation comes from rejection.*

*I want a Body that is Presence Driven not a bunch of voices from illegitimate children.*

*Children born from sorrow grief and rejection are waving banners of my presence but they are rogue and off assignment. They are hurt and living to satisfy their own distaste for the local church.*

ChurchHouse exist to create a space for IAm, in a place of order, with a unified body of believers.

## **We Exist to Create**

- A place where the presence of God feels normal
- A place where miracles and healing and restoration are normal
- A place where life's situation are accounted for and put under the blood
- A place where families come and enjoy God
- A place where He is the biggest voice in the room.

I see Hubs of His presence in every State of these United States

I see Hubs of His Presence in the Nations of the World.

Representation all around the world of people of every culture and tongue that gather weekly to entertain the presence of the Lord.

I see people in houses, shacks, rooms, buildings and churches gathering with others for community.

I see training in becoming the person that was known by God before you were released into the earth. Training to flip the wineskin of the flesh inside out so the flesh is secondary to the Spirit. Where we gather and enthrone Him in worship, in the word with sign and wonders following.

We are raising Hubs with Elders who love their family and love others. They want to see the glory of the Lord cover the earth. They understand the times and the seasons. They live on the narrow path and are not ashamed to live out loud.

We are a people who understand that program driven church doesn't work, purpose driven church doesn't work either. We understand that in His presence is fullness and this is absolute.

Like Obed-Edom we honor the presence of the Lord daily, and we experience the blessings of being diligent in the presence of the King.

A people not religious nor traditional. We believe the whole Bible and we desire to see the Kingdom released through us into this world.

I see each Hub starting a new Hub yearly. Hubs that are committed to seeing and making a difference.

I see Glory Carriers

- We go House to House and we release the Glory of God.
- We go to work and release Glory
- We go to restaurants and release Glory
- We go to hospitals and we release Him like fire
- We aren't afraid and we are not ashamed to lift high the name of Jesus

We adhere to talking about the name of Jesus and using the name of Jesus in the earth.

We are Hub and Jesus is the axle, the center of all of this.

We exist to move with Holy Spirit.
