

UNREACHED WITHIN REACH

CAPE TOWN - SOUTH AFRICA

The year 2025 has been one of much change and growth in the ministry of reaching the least reached on our doorstep.

We have seen how the Lord is at work and how He sovereignly guides our steps. Following God's leading, we have seen answered prayers and positive responses to the public ministry. Bibles, tracts, and gospel conversations are happening on the streets of Bellville.

There are open doors with new Muslim contacts who are coming to engage with us.

This one change to the ministry approach has also enabled more partnership with men joining the outreach.

OTHER MINISTRY

Preaching/Teaching

I preached at MV 4 times this year. Taught in our life group, taught bible lessons in the public school. Taught evangelism training.

Music Team

Ongoing ministry of singing in the MV music team and being able to minister through song.

BIBLE STUDY

PREACHING

TABLE MINISTRY

OUR BOYS

WORD OF THANKS

This ministry could not continue without Godly partnerships. To know people are praying and giving so that the gospel work can go on continues to humble us.

Thank you for every response of praise and prayer for the ministry this year. You are making a difference!

Our family is grateful for all the prayers for Aimee's surgery and the words of encouragement in that season. Thank you!

Our boys continue to grow and enjoy their schooling. Pray for us to shepherd them well. Time is flying, Henry is eight next month, and Micah will be 5 in March!

HIGHLIGHTS

Table Ministry

Challenging and rewarding, as we have seen Muslims willing to stop and engage with our sign and what we are doing. Praise the Lord. Gospel presence matters!

Christian Brothers

I have been able to reconnect with a Somali brother in Christ, which is leading to more connections to Somali believers who live in secret out of fear. Pray for wisdom as I start a road of discipling with these men.

University Ministry

What is the Gospel? A question that many on the UWC campus could not answer. Pray as we partner with other local churches to serve the students through the bible study next year.

PRAYER

Step of Faith 2026

We have attached a letter announcing a step of faith for next year. Please stand with us in prayer for this.

Wisdom/Discernment

Especially in my dealings with Somali believers. There is much suspicion and fear in this community.

Bellville Outreach

Grateful for the men who have helped this year. Pray that we will see more churches engage the lost.
