

Family Ministry at Highland Oaks

Family is the cornerstone of our faith. At Highland Oaks Church, we believe the family unit is the primary builder of faith in a child's life. Our Children's and Student Ministries work together as one vital entity, forming the foundation of our community.

Family looks different for everyone, and every expression of family has value. That's why Family Ministry is our primary focus. We regularly create opportunities for the entire church family to gather—so every person feels included, empowered, and supported, no matter their family situation or where they are on their faith journey.

Highland Oaks is a home for everyone—a place where we build faith together, weather storms together, and celebrate victories together. Through Family Ministry, children experience authentic community that is not only modeled for them but actively available for them to join.
