Dear Sponsor,

Abu is sending you Christmas greetings. He thanks you so much for your economical support. He is doing well. He believes that you are also well. He goes to project regularly and attends in many programs. He said, it is winter season here. Many green vegetables are available now. Date fruits and juice are also available now. He loves to drink date juice. He asked if you have date fruit and juice in your country? He requested you to pray for his goodness. He also prays for your good health and well-being.

Your loving,

Abu
