Ellen Barnett - Acapulco, Mexico

For New Horizon – that we will get many new students for next year (moving junior high and high school to Jesus of Nazareth church will give us extra space for lots more). We have to have more students to meet our monthly needs for the school, and besides, we want to be a blessing to as many children as possible.

For the Capital Campaign to buy the property for New Horizon to be approved by MTW, and \$350,000 more to be promised, or given. That I would know what steps to take next as far as my part in moving toward this goal.

For the changes taking place in the seminary structure, that they would be a blessing and further the work, especially of preparing men for pastoral ministry. For wisdom as we work on all the details.

For my neighbors to be more consistent in attending the Bible study, and to have a true understanding of and embrace Jesus Christ and his salvation.

For the two weeks of music institute - also, a lot of students to bless, good classes and worship and fellowship, health and safety for everyone involved.
