

YOUR RESULTS

MATURING

The results are in! You are maturing in your faith, which means you have started to see God's activity in your daily life. You have confidence that Jesus died for your sins and you have started to view questions and challenges in your life through a different filter. "What would Jesus want me to do?" often comes to mind when before, you may have thought, "What should I do?"

As part of your discipleship journey, you will be connected with a GrowthPoint Guide who will meet with you five times over the next year to be a resource to you along the way.

Your Key Opportunity

Get connected! There are a couple of ways we suggest you do this. Joining a short-term small group will provide an opportunity to learn with others how living like Jesus makes a tangible difference in every area of your life. Finding a place to serve offers you an opportunity to join a team of people who are learning to follow Jesus' command to put the needs of others before your own. The relationships you develop will encourage you and propel you to further spiritual growth.

What Growth Looks Like

You will see practical differences in your life as you begin viewing things through a "Jesus lens." Asking questions about your financial decisions, entertainment choices, use of your time, and even relationships will all begin to reflect a "Jesus first" way of living. Lean in and ask your Guide how living "Jesus first" makes an impact in their life.

What You'll Discover in This Stage

In this stage, you will focus on having God a part of your daily decisions. Learning to trust Jesus will lead you to reading your Bible and praying more, as both will be a key step in fostering a life-long relationship with Jesus.

Your Next Steps

Incorporating spiritual disciplines such as Bible study and prayer into your daily life will increase your awareness of God and his promises. You will be able to test these promises for yourself and your faith will become your own. Serving in a GatheringPoint Ministry will increase your selflessness and allow you to focus on the needs of others. Your Guide and the GrowthPoint resources will help you find other next steps along the way.
