

YOUR RESULTS

It won't be long until you have a sense of familiarity and comfort which will soon feel like belonging!

As part of your discipleship journey, you will be connected with a GrowthPoint Guide who will meet with you five times over the next year to be a resource to you along the way.

What Growth Looks Like

The majority of your growth will come as you continue to build your foundation of faith. Along the way some aspects might be familiar, and others will leave you with questions. Don't be afraid to ask your Guide when they contact you! Having curiosity will help you navigate this phase.

What You'll Discover in This Stage

In this stage, you will become familiar with the person and story of Jesus. Helpful resources include downloading the Bible App and watching *The Chosen* video series (free and located on the *Angel* app via your favorite streaming platform). Once you read and watch how Jesus lived you will have a baseline for who He is and how He can be the leader of your life.

There is no shortcut to growing your faith. Like any relationship, it takes work and persistence, but you don't have to figure it out all on your own. Your Guide and the GrowthPoint Resources will help you take each step at the right time in your faith journey.
