

ARE YOU RICH?

Can I ask you a personal question
and I don't want you to answer out loud?

ARE YOU RICH?

It depends . . . **Rich is a relative term.**

If you compare yourself to your boss, or your
neighbor, or your friends . . . **maybe NOT.**

But if you compare yourself to the
rest of the world you're **probably RICH.**

Americans make up **4%** of the world's population
but have **31%** of the world's wealth.

If you make **\$60,000** or more per year, you're
in the top **1%** of the world's wealthiest people.

50% of the world's population
makes less than **\$3,000** per year.

Here's the **SIMPLE TRUTH** about money . . .

Money is a gift from God to **ENJOY**,
INVEST, and **SHARE** with others.
