Starry News

Far away, wise men spotted a new star. That bright news said a special King was born! They packed gifts and began a long trip, eager to celebrate Jesus, not just once, but every day. When you see twinkling lights, remember Jesus shines all year.

Color in the star below and make it so bright!

LOOK! Notice how the star led the wise men to Jesus!

Everyday Celebration

The wise men followed the bright star a long time until they found Jesus. When they finally saw Him, they bowed low and offered their best gifts. After that special day, they carried their joy home and kept remembering Jesus wherever they went. You can do the same! Christmas lights might come down, but you can still celebrate Jesus when you share, help, and speak kindly. Each kind act is like another gift laid before Him, any day of the year.

KNOW you can celebrate Jesus every single day.

Carry the Joy

Long after Christmas lights fade, we can still celebrate Jesus! You can have joy every day! Each time you read a book, ride the bus, or play at recess, Jesus is with you and is worth celebrating. Even though seasons change, God's love doesn't change. Remember Him when flowers bloom, leaves crunch, and snowflakes fall.

With a grown-up, cut a star from sturdy paper, punch a hole, tie a short ribbon, and write "Celebrate Jesus." Use it as a bookmark or clip it to your backpack.

ASK God to help you celebrate Jesus everywhere you go.

Jesus is for You

Jesus didn't come for just one holiday—Jesus came for you every single day. You can talk to Jesus every day, and Jesus listens. When you wake up, whisper "Good morning, Jesus." At lunch, tell Him what's fun or hard. Before bed, thank Jesus for His love. Talking with Jesus is one way we celebrate Him all year long, because He was sent to be your forever friend and King. THANK Jesus for always being with you!

"Jesus, thank You for coming for me. I want to talk with You every day."

Celebrate Jesus all year long.
