

Missions Spotlight

The Cate family has been serving God in Indonesia since 1968, starting with father Steve and continuing with son Scott and his wife Tracey in 2011. They currently oversee Jochebed's Hope (jochebedshope.org), a children's home on the island of Nias. 41 children at the home receive food, clothing, shelter, education, and medical care to which they would otherwise have no access. They also operate a dormitory on the island to help older students, providing shelter and access to further education.
