## A \$1 000 000 QUESTION

Learn about our big dilemma on the last page.

### *Russia*

It all started the summer of 2001...Summer camp and street kids. "Rough" kids, hurting and angry at the world with extreme behaviors in desperate need of help, healing and hope. As the times changed in Russia, so did our focus. **It all ended March 4, 2022.**

### *America.*

It all started again the summer of 2022....summer camp with foster kids. Hurting and angry at the world, with extreme behaviors and in desperate need of help, healing and hope. 21 years later and here we are again, we have come full circle.

# THIS COULD CHANGE EVERYTHING

## What

### TRAUMA AND CRISIS TRAINING

We have already started trainings AND helping organizations develop curriculum so that they can train others. We have already been leading trainings at conferences and churches AND have been invited to countries like Poland (to help organizations working with Ukrainian refugees) and Ethiopia working intensively with graduate students, to give them better understanding and tools to help them as they work with children in crisis. Our work will be to bring healing and hope to children and caregivers in crisis situations, through training, tools and resources, using **TBRI** and **Crisis Care Training**.

## Where

### TRAINING

**CAMPS**  
**FOSTER CARE**  
**CHURCHES**  
**SCHOOLS**  
**CAREGIVERS**  
**MINISTRIES**  
**FAMILIES**

# How

## JOIN OUR TEAM!

So, here's that million dollar question: How can we continue?

**Our reality is that, unexpectedly, we have lost half of our support.**

Our status as missionaries has **NOT** changed and is still support based.

We believe in this ministry so much that Zhenya has taken extra jobs to cover the gaps, so that at least one of us can continue on in ministry. Our hearts are that we would be able to continue in ministry together but in order to do so, we are in great need of individuals and/or churches who see the value in partnering with us in support.

## Needs:

---

### one time donation
