

The Children's Rights Confession

The Children's Rights!

God is my Father; he has given me the power of His Spirit.

Today I stand as the Son of God.

I am Healed!

I live in health every day of my life.

I have been given power over sickness and disease; my body is the temple of the Holy Ghost.

I decree, I will never be sick another day in my life!

I walk on the head of Satan and demonical lies, appearing as real and normal for my life.

Long life is the true reality for me given by my Father to me, and all that believes.

I stand on His Word "I AM HEALED"!
