SUNDAY MORNING ADULT CLASSES

Strong Medicine: A Study of the book of James

January 7 - March 31

10:30-11:15 am

We all want a faith that is meaningful and vital! A faith that won't let us down in times of trouble and loss, uncertainty or fear. A faith that can pull us through the worst (and best) times in our lives. A faith that gives purpose and direction to our lives. Where do we find such a faith? How do we develop that kind of faith?

James offers some surprising answers to these questions. We might even say that James provides his readers, both then and now, with some "Strong Medicine!" James' teaching can be hard to swallow. His periodic use of strong language drives home incredibly important, but often difficult truths for us to hear. The topics addressed in this letter resonate with most of us: trials and temptations, anger, listening and doing, the rich and the poor, the power of the tongue, wisdom, friendships, and prayer.

A thriving faith is a faith that is alive and one that works! The faith that will sustain us in our trials or suffering is the steadfast faith we put into practice day by day. In no other New Testament letter will we hear the words of Jesus more strongly or the teachings of the Old Testament Wisdom literature more clearly! Join us for this series as together we seek to discover the key ingredients involved in building and living a thriving faith!
