WEEKDAY PRESCHOOL

Pre-Kindergarten Class

Our Pre-Kindergarten classroom builds on the foundation developed in our 3-year-old and Young 4's programs, preparing children academically, socially, and spiritually for kindergarten in a structured, faith-based environment.

This class implements The Science of Reading, with instruction in:

- Guided phonics and alphabet knowledge
- CVC words and sight words
- Learning through both large- and small-group instruction

Math skills continue to grow through calendar time and learning centers, focusing on counting, number recognition, ordinal numbers, measurement, and patterns. Literacy, science, and social studies concepts are explored through engaging thematic units.

Children enjoy:

- Daily Bible lessons and a monthly memory verse and monthly chapel
- Music class twice a week and weekly STEM class
- Weekly STEM class
