## WEEKDAY PRESCHOOL

### Three-Year-Old Class

Our Three-Year-Old classroom builds on the foundation taught in our two-year-old program while encouraging children to grow in independence, confidence, and cooperation in a loving, faith-based environment.

Children begin working more intentionally on early phonemic awareness, print knowledge, and vocabulary. Early math skills are introduced through counting, number recognition, measurement, and spatial awareness using hands-on, play-based activities and themed units throughout the year.

Children enjoy:

- Daily Bible lessons and a monthly memory verse & monthly chapel
- STEM class weekly
- Music class twice a week
- Thematic units that support early literacy and math

Social development is a key focus as children practice being good friends through sharing materials, taking turns, cleaning up after play, and participating in group activities during snack and lunch.

#### Class Details

Ratio: 14 children / 2 teachers

- Hours: 9:00 AM – 1:00 PM
- Schedule Options:
  - 3 days: Tuesday–Thursday
  - 4 days: Monday–Thursday
