

Aug 9, 2023

Friends at Gateway,

As a Christ-centered community health organization, we rely 100% on financial support from the community to operate; each year we surrender our needs to the Lord and ask for His provision. This year we were bold and asked the Lord to help us raise \$40,000 through our 2023 Campaign for Hope. To date, this campaign has raised over \$50,000!

You, as the Body of Believers at Gateway have contributed to this overflow, and once again we feel incredibly blessed and humbled by your support. Not only will these funds ensure our healthcare services are able to launch, but the overflow meant that we were also able to bless the new House of Grace Pregnancy Centre in Duncan, B.C..

At Haven, we believe that no one should face an unexpected pregnancy alone. Because of you, anyone facing this challenge in Greater Victoria and the Cowichan Valley will have access to information and support, empowering them to make decisions about their pregnancies based on their values rather than on their circumstances. Individuals and families are able to thrive when they know that they are supported.

Thank you for your prayers. Thank you for your financial gifts.

Thank you for your encouragement and support!

In Christ,

Gina McKay
