

Business Meeting 10/26

The Building Renovation Project Committee recommends to the church: we retain the Tulsa firm, “Churches By Daniels”, to prepare preliminary plans with cost estimates for our renovations and reallocation of space.

Over the last several months, the deacons and several church committees have discussed the need to reallocate and possibly renovate our facilities due to growth. This idea was actually in process when the Covid pandemic hit.

Here is some information that may help to answer some questions:

- The church has voted to expend funds to hire a firm to make preliminary plans and research probable costs in order for the church to make an informed decision. (These funds were available through an unexpected legacy gift to the church)
- NO decision about renovation will be made until we have the plans and costs in hand. The church will have an opportunity to discuss the proposal and vote on the task.
- The renovation project would focus on children, youth, and adult spaces. It may also include the sanctuary, foyer, and preschool. ☐
- The business meeting will happen after the worship service concludes on October 26. It will be a ballot vote. ☐ If you have any questions don't hesitate to call or contact the office: (870)741-3415 or <https://fbcharrison.org/contact>.
- More information will be forthcoming!
