

The BEIL FAMILY

Centered On Remote Evangelism

Dear Friends and Ministry Partners,

First, I want to apologize for the delay in this update. These past weeks have been full. We have had significant travel along with waiting on medical tests, results, and scheduling. It has taken us a bit longer than usual to sit down and write. Thank you for your patience and grace.

We recently returned from spending a few weeks in Honduras to renew our visas and check in on the ministries and church plants there. It was such a blessing to see all that God is doing in our absence and to witness the gospel continuing to move forward. All of the churches are healthy, the feeding centers are running smoothly, and the new prison ministry is reaching many prisoners with the good news of Christ.

While we were there, a storm completely washed out the only road leading to a mountain community, making it impossible to reach by car. Pastor Oscar was able to take a horse up the mountain and deliver food bags to many families who were suddenly cut off from access to basic supplies. Watching the body of Christ rally to meet needs like this always reminds us why we love the people and ministries God has connected us to.

On the personal side, we have been waiting for several medical tests and treatments to be completed, and we are grateful to finally have a surgery date for Tara. She will have the first of two surgeries on December 17th, with the second expected near the end of January. These months have been discouraging at times, but we are trusting that God sees us, knows exactly what we are walking through, and has a plan—even when it is hard for us to understand. I've been spending a lot of time in Psalm 22–24, and those chapters have brought tremendous comfort and perspective.

Thank you for praying for us and for continuing to partner with our family and ministry during this season. Your prayers and encouragement are deeply needed and greatly appreciated.

With gratitude,
The Beil Family
