

COSTA RICA

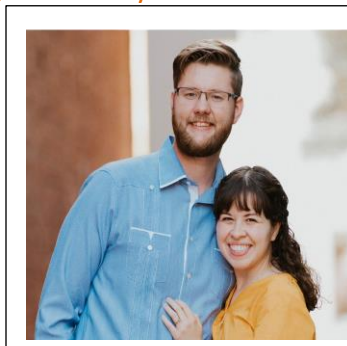

THE BARNES

OCTOBER 2025

THIS IS YOUR OPPORTUNITY!!!!

You really must take advantage of this opportunity! A young couple, Jordan and Laura Franklin, were just approved as missionaries to Argentina in the last Baptist Bible Fellowship meeting in Tyler, Texas. They are outstanding in their commitment, their preparation, their determination and their reliability. Besides them being our grandchildren, because of what we have observed in their lives we know they are the quality of missionaries that you will be proud and confident in supporting. You want to be one of the churches to get in on the ground level of this impacting missionary endeavor with Jordan and Laura. the

In the mountainous region here in Costa Rica where the Boruca Indians live, a young boy by the name of Adrian faithfully attended the only church in the area. When he was 14 he began to doubt that what he was hearing was the truth. After purchasing a Bible he was convinced and stopped attending the services. Several years later our missionaries, Ronulfo and his wife, Guisel planted the Bible Baptist Church in the Boruca and Adrian's mother began attending. She accepted Christ and took Bro. Ronulfo into the area where Adrian lived.

They began walking until they came to the hut where he lives with his family. There the missionary gave him the plan of salvation. That day the name of Adrian and his wife were written in the Lamb's Book of Life. His first comment was, "Since I was 14 I have been waiting for this day." Adrian's two older children have since accepted Christ as well.

Thank you so much for
Thank you for the part

salvation of Adrian and his family and the planting of churches here in Costa Rica, Panama and Cuba.

Your representatives in Costa Rica,

John and Karry Barnes
