NOVEMBER 2025

### Damian:

Our car had received a dent in the hatchback door and we sought to have it repaired. As Dan called around to get quotes, one man said that he would come to our house and fix it. He did come and did a wonderful job fixing the dent.

Afterwards, Dan invited him in for a cup of tea and shared the gospel with him. He has come to church and is doing some discipleship with Dan. Please pray for him to grow and for his family to be saved.

### Aaron:

Aaron came years ago for the first time to our Summer Bible Camp. He comes every year and often brings friends with him. One of his friends, Anthony, came. This began a many month conversation about the gospel before Anthony accepted Christ as his Saviour. Both Aaron and Anthony now attend our services regularly.

Aaron is growing in his walk with the Lord. His family does not support him in this. In fact, his family situation is rather difficult. He struggles because of this. Please pray for Aaron to hold fast his profession of faith without wavering. He has so much potential!

### Louise:

We met Louise through Opal, a saved Chinese lady who had begun coming to our church just before Art Camp. Her son, Zephyr, invited his friend, Oliver, to attend the camp with him. As a result, not only did Oliver come to Art Camp, but his mother, Louise, and his sister, Hannah, began attending our church after the Art Camp.

Opal let us know that her friend Louise and family are unsaved. One Sunday, when Dan was talking to Louise, he asked her if she would like to learn more about the Bible and what it says about salvation. She agreed to have a Bible study with Beth on Wednesday mornings with the topic being salvation. Beth has met with her three times. Louise is very open and eager to learn. She is beginning to understand the gospel. Please pray for her to be saved!

### DIY projects:

Paying down the mortgage, conducting ministry in a very high cost region and saving for the roof repair kept the ministry lean and the building somewhat run down. We have tried hard over the years to pay for ministry expenses out of Irish giving. With the a re-slatted roof now finished (on budget, thankfully!) we were free to finally address some long standing maintenance issues. The cost of labour is exceptionally high. Skilled craftsmen are hard to come by and prices vary widely. I end up doing a good bit of the work along with a few men who help out. We have made good progress hiring and working alongside craftsmen as we resurfaced the floor, installed new lights in the auditorium, re-plastered areas previously damaged by the roof, skillfully removed hundreds of pounds of legacy debris from the attic and then insulated the attic. It has been a very busy time, and we are grateful the Lord blessed and it came out well.
