Malawi - June 2023

Thank you to each of you who gave towards and prayed for my trip to Malawi. God blessed, allowing me to not only invest in the future generation of Malawian church leadership but also encourage local churches. Through the various meetings in local churches, we saw over ninety people trust Christ, and had the opportunity to watch as the Malawian believers laid the foundations to a new church plant in one of the local villages near the college campus.

I was encouraged by the time I spent with the students over the course of the two weeks. One morning I came in to find them singing together, and then sharing in a corporate time of prayer together. They were praying for the salvation of the lost, their churches, and pastors as well as several personal requests as they looked to our blessed Heavenly Father from which every good and perfect gift comes.

It is exciting to see what God is doing in Malawi through the work of national Christian workers. With simple investments in training, teaching, and initial support; souls are being saved and churches planted under the leadership of local nationals. Andrew Dzimbiri is a testimony to this reality. Over the past 20 years, he has led in the establishment of over 120 churches in Malawi and Mozambique that are self-supporting. These pastors and churches just need some continued investment to stay strong and continue to move forward.

We are excited about the potential of establishing a new Bible College in the city of Blantyre. The education space is already available on a church campus, but we are praying for the funds to purchase a piece of land adjacent to the property to build a dormitory. There are plans for the students to pay tuition to help cover the administrative costs and ensure a commitment to the program. This is a tremendous opportunity to provide continued investment into the ministries of Malawi and Mozambique. Pray with us as we seek the Lord's direction and provision.

We thank you for your continued prayers and support of our ministry. Your faithfulness continues to allow us to move forward to preach the Gospel, see souls saved, and churches established under local doctrinally sound national leadership.
