

Missionaries to South Africa

God has given us a great opportunity to buy a property in an area of town that really serves as the new business district of Port Elizabeth. It is located very close to the taxi ranks which is also a blessing for many of the churches. (See pics and the property report of the building on this letter.)

The cost of the building is 1.1 million rand (South African currency). That is about \$59,000.00. We are buying it for almost R500,000 less than it sold for 14 years ago!!! On top of that we already have \$25,000.00 saved for it and already have another \$9000.00 promised. So we have \$34,000.00. That leaves us needing \$25,000.00. The owner has given us 40 days to come up with the money and by the time you read this we probably have less than 30 days left.

Any gift you give will go towards:
This building that will serve as the city campus for Bay Baptist Bible College.
It will provide office space for some missionaries and pastors.
It will provide a convenient tutoring center for the students to meet with the teachers outside of class.
It will be a place to train men and women to serve Christ in the ministry.
It will cut down on travel time for many of the students and teachers.

Please pray and consider helping with this project. I believe it will be a huge blessing to the local churches and furtherance of the gospel! Pray the \$25,000.00 would come in soon!

All gifts can be sent to Vision Baptist Missions. Just please mark it for Kevin Hall “Bible College.” Vision also provides a place to give online here <https://visionmissions.org/give/>

Thank you for partnering with us! God is blessing in a great way. We just baptized two ladies and a man today and look forward to sending a report on the progress of the new building being built for Kuyga Baptist Church soon!

Doing Our Reasonable Service,
Kevin, Corli, Clark, Hudson and Lana Hall

Property Report
