to:

Victory Baptist Mission  
P.O. Box 1090  
Millbrook, AL 36054

Designate at the bottom  
of the check

for **Eddie Mills**

**TOP LEFT - Pastor Simon (glasses):** God is good and has provided us an interesting story: This man and his family was saved (physically and spiritually) after experiencing a scary event. They were celebrating their Chinese holiday called 'tomb sweeping', a place where they worship their ancestors. While celebrating at the farm, a bull suddenly appeared. It chased him, his wife and left them bruised but ok. He hoped his ancestors would have help, but they did nothing. Now, he no longer trusts them for help. He was the first to accept the Gospel, then followed by his wife, and daughter. Praise the Lord!!

**TOP RIGHT - Pastor Brian (back row on right):** This is a picture of children from four different families (One child policy), who were part of the summer Vacation Bible School. This year we had to adjust Vacation Bible School. In previous years, we met in larger groups, however this year, families were too fearful to do this, so it was decided to have smaller groups with children from a few families. Though it was not as exciting for them, the children do understand hardship. So, what did they do? They prayed for the next group as their pastor travel to teach the next group of children/teens. Praise the Lord!!

Please pray and consider what it is like for these pastors, church families and children to go to church, to worship while living under the pressures of the watchful eye of their communist government. May we never forget the privilege to worship God openly.

All our house churches are maturing, growing as we watch God work miracles in keeping them safe (government) and even using a bull to push them away from ancestor worship.

**MEDICAL:** Last month I had an appointment with one of my cardio doctors, and I will return the second week in September to once again let them make an adjustment in meds.

They are struggling to find a course of action to remedy the effects of eating the contaminated fruits this time last year. In many ways I'm better, but it doesn't take much to show me why I'm still under the watchful eyes of doctors. These doctor appointments are a real challenge, but God has a plan, and our churches in China are G R O W I N G.
