## Our Faithful God

When training for the ministry and even on deputation, you have a tendency to think that the ministry (and especially missions!) is always one crazy story after another. Then, you get out in the ministry and find that not every day do you get a great story to share; you're serving the Lord faithfully and seeing Him work day in and day out. One thing we try to remember, sharing the gospel, the greatest story ever told, is always an amazing story!

January and February have been great months here in the UK. We've had about 10 visitors join us for our services. We've been greatly encouraged by preaching through the book of Acts. Outreach times have also given us the chance to share the gospel with many people. On evenings that have been cold and rainy, we have had some of the best conversations sharing the gospel with people.

We have started a greeting ministry. More people are getting trained for the media ministry. One big change we are looking toward is to change the church name to Headgate Independent Baptist Church. In spite of not having seemingly big stories to share, there is a great deal that the Lord is doing here in Colchester!

## Pray for Downham Baptist Church

As many of you may remember, Downham Baptist Church is a church in Bromley, London where we helped during our first year and a half on the field. Recently, the church has been through a difficult time. The pastor is unfortunately going to resign at the end of March. They also are having to move from their location they've been in for many years.

They have found another temporary venue for their services, and I am going to help by preaching on Sunday afternoons/early evening. These are not permanent solutions but it is great to see how the Lord has taken care of His church. Please pray for Downham as they navigate the future of their church. Pray that God will give them a permanent place to meet and a new pastor that can lead the church forward!

Thank you,
