

### ***Praise the Lord:***

1. Bob's hearing improved enough for the wedding.
2. Beautiful wedding of Robert and Erin
3. Rachelle's vehicle repairs have been taken care of.

### ***Please Pray for:***

1. Workers are travelling on Tuesday, July 22, from Indiana.
2. Family Bible School on July 23-25
3. ENT appointment for Bob
4. Those who have a recent loss (Lawson/Ash) in Mishkeegogamang.

### ***“Let every thing that hath breath praise the LORD, Praise ye the Lord”. Psalm 150:6***

We praise the Lord for His goodness. I know many are wondering about Bob's hearing. Shortly after arriving in Florida, Bob's hearing started returning. He was able to effectively officiate the wedding. Since our arrival home, he has been having brief episodes of vertigo, which is concerning. His doctor is referring him to an ENT, but it may take some time to get an appointment, as Ontario health care can sometimes be slow. Please continue to pray.

Robert and Erin's wedding was a beautiful tribute to waiting on the Lord! God provided all they needed! It was amazing to watch! We had a glitch on the day of the wedding. My daughter's car oil filter distorted, and all the oil ran out. We ended up stranded at a gas station just a few minutes from the venue. It only delayed us 30 minutes for hair and picture time. Her car was towed to the dealership in Pensacola to be fixed on Monday. Bob's brother, Mike, graciously drove us to Jacksonville on Sunday so we wouldn't miss our flight on Monday. We did our best not to let the bride and groom know this on their wedding day. A week later, Robert picked up her car and is holding it for her. It was the fault of the reputable oil change company, so they paid for the tow and repair. All Rachelle had to do was change her flight from Jacksonville to Pensacola. Now she's excited to spend a day with her brother and new wife.

## Special Kids:

Several kids who graduated from Colancia School this year had attended Safe Zone. The kids seem to look for us at these events. Sure enough, they yelled from across the room, "Hi, Mrs. Cindy!" It reminds us of the impact we have on their lives for the Lord.

I had purchased mugs for them and Rachelle spent time wrapping them

for me.

Any small job I have, she is willing to do that for us. That is such a blessing to us!

We are excited to have Rachelle here. First, we tended to the lawn and garden and attended the graduation and award ceremony. It made for a busy week. The next week, there were two funerals. Bob was asked to officiate at one. The other funeral was for a man that Bob had led to the Lord over two years ago. He had cancer and was going through treatments. To us, his funeral was a time to praise the Lord.

Then we began the plans for Family Bible School. We have 4 men coming from Emmanuel Baptist Bible Church in Valparaiso, Ind. Bob and Pastor Allen go back to their college days, so we are thrilled that he is coming. The four of them will conduct the FBS, and Rachelle and I will do crafts, help with singing and food. The Baptist church has leftover items from Giddy Up Junction that we can use in our FBS. Please pray for us as we prepare for July 23-25. There always seems to be something else going on simultaneously, and this time is no different. Please pray that God will move in the hearts of people to attend.
