

"Yea, so have I strived to preach the gospel, not where Christ was named..."

Summer 2025

Summer Training Internship

Another summer season has come and gone, and we are grateful for the opportunities that the Lord gave us this year to work with a top-notch group of young men who are all preparing for future ministry and mission field service. It's an honor for us to have this small part in their lives, and we're excited to see how and where the Lord uses them in the days and years ahead.

This summer, **Noah Brown** and **David White** both earned their commercial pilot certificates; **Micah Weldy** earned his Instrument Rating; and **Rob Parsons** (missionary to *Columbia*) will be finishing up his private pilot certificate this month. All together, we safely flew nearly 275 flight hours during the program with minimal downtime for routine inspections and servicing, thanks to our tremendous aircraft maintenance staff.

In addition to their flight training, students gained hands-on experience in aircraft maintenance tasks, received excellent Biblical counsel and practical ministry teaching from veteran missionaries who participated in our program, and had opportunities to be involved in the local church ministries.

For those interested in learning more about this program or perhaps in applying for a future training program, please contact us. You can also visit the online link at www.aeromissions.org/application.

NOTICE: We will be receiving applications now through December 1st for our Summer 2026 program. Space is limited – Apply now!

2nd Annual AVIATION DAY

*Community Outreach Event in
Sylacauga, AL*

Saturday, June 28th, was an exciting day here at our home airport in Sylacauga! We hosted our second **Aviation Day** Community Event, inviting pilots from all over AL and surrounding states, as well as anyone from our local town community, to attend. Our intent with this endeavor is to bring people together for a fun-filled day at the airfield, to enjoy the airplanes on display, and most importantly to have an opportunity to share the gospel with those here. The

Lord blessed us with a beautiful day of sunshine and with a host of volunteers; we were thrilled to have **over 800 people** in attendance, many of whom received gospel tracts and who learned why AERO Missions exists.

Lord-willing, we will host this outreach event again next summer on Saturday, June 27, 2026 – We would love to have you here!

Begin praying now for opportunities to share Christ with attendees –

In the Regions Beyond

“To preach the gospel in the regions beyond you...” II Cor.10:16

It is a privilege and a blessing to hear and to see the reports from our on-field missionary families who are serving in regions beyond us as they share how God is working in the lives of people who respond to the preaching and teaching of His Word – the fact that *God changes lives* is not merely a nice thought but is the *real truth!* ***“If any man be in Christ, he is a new creature; old things are passed away, behold, all things are become new.”*** (II Cor. 5:17). In this life, there are many people who might not have much by earthly measure; but when they accept and rest firm in the finished, complete, and all-sufficient work of Christ’s atonement for their sin, they have everything!

Missionaries Jed Duarte (Brazil) and **Paul Bach** (Canada/Alaska) are faithfully sharing God’s Word with those around them and in areas more remote and have each witnessed individuals trusting Christ as their Savior. May we “glory in the Lord” (II Cor. 10:17) for these decisions, as well as pray for the many others who have yet to come to Christ.

Newly acquired Maule MX-7-180 now in service in Brazil

Ministry work in the Amazon

Paul Bach, operating the C-185 in Saskatchewan this summer and ministering to remote peoples

We look forward to visiting a number of supporting churches next month in MI, OH, VA, and TN. If you’re in those states and would like to visit in person, please contact us to coordinate the details. We’d love to meet you! Additionally, if you’re ever in the central Alabama area, know that there’s an open invitation to stop in and see us here on the homefront.

My family and our staff thank you for your partnership with *AERO Missions*; your support allows us to go forward as we aid missionaries in reaching unreached people for Christ.

May the Lord bless each of you –

In Christ,

Jon Stanczak, AERO Missions Director
