

The Community Food and Benevolence Fund of Catoosa County

As many of you know, Catoosa Baptist Tabernacle was a part of the startup of the community food and benevolence fund of which we have supported for many years now. This service of Catoosa County provides assistance to Catoosa County citizens in crisis situations as well as immediate assistance to travelers deemed to have legitimate unmet needs.

With every physical and/or financial need that is met, the recipient is asked if they would like to have a follow-up with a local church. If they choose so, we are able to assist with their spiritual needs as well. It is wonderful that we get to serve our community in this way. Please, let's cover this county service in prayer.
