***Please answer on a separate sheet of paper:***

Describe your salvation experience. Be specific.

How does someone accept Christ?

What does your daily walk and time with God look like?

What is your biggest spiritual struggle over the past school year?

What is your favorite scripture verse?

What is your testimony like at school? What would others say about your faith?

If you were on an expedition to climb a mountain with a group would you rather come up with  
the plan, communicate the plan, or help everyone accomplish the plan?

Have you ever served on a mission trip? Where and When?

What was the greatest spiritual lesson or impact you encountered from your mission trip or CIA  
day?

Why do you want to be a team member? What do you expect to get out of this trip?

Have you ever shared your faith with an unbeliever? What was the result?

**Commitment:**

I understand that this mission trip is about helping other people spiritually, and to do that I must prepare myself. I hereby commit myself to the preparations of this trip. I have discussed this with my parents and we all agree to both the trip preparation commitment and the trip itself commitment.
