

Q. DOES MY GIVING REALLY MATTER?

A All ministry that is done at New Hope Church is equipped and resourced by the church family, by YOU and the people sitting beside you, who faithfully give:

- of their time as they serve with the Ministry Teams that run on Sundays and all week long
- of themselves as they grow and are disciplined in the community of LifeGroups
- of their tithes (10% of income) and offerings (amount decided between you and God)

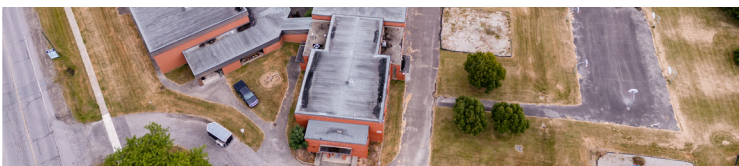

Thank you, faithful church, for your generous and sacrificial giving! Without it, bold initiatives like bringing His gospel to this location, making more space for others to come and know and love Jesus as He continues to lead many more to his church in His house, and now taking His gospel out to the world that lives right here in the Niagara Region—the **ONE CHURCH** Initiative—won't happen without your faithful giving.

Q. WHAT WILL IT LOOK LIKE TO SAY 'YES' TO THE ONE CHURCH INITIATIVE?

A Saying yes to offering your time and giftings to this initiative is sure to be a unique experience for everyone! Today, we ask that you and with your family spend the coming weeks in prayer **asking** God how he would have you and your family participate in the One Church initiative and then **listening** for His response. He may ask you to...

A Message from Pastor Thom

I'm so grateful and excited that we get to come together in these small groups to share, dream, pray and wait on God in this next chapter for New Hope.

Much has changed since our modest beginnings just over 23 years ago in a living room and little wooden barn in Jordan, then 10 years at Jordan Public School before building here at First Street Louth & Rykert in 2013! In 2024 we added our first campus location in Jordan. NHWest began with lots of renovations to get it ready for Sunday Services. We opened those doors early 2025. The journey has been exciting, and a little scary at times, as we stepped out in faith at each new 'stretch & grow' season for us. We have seen our Father's faithfulness as He continued to refine the vision and mission of New Hope Church. Through Covid and beyond, we continued to see his faithfulness as he taught us

the important art of pivoting as we pressed into him for so many new ways to do ministry.

We're excited to see how God will use this ONE Church Initiative, to bring the lost to Him and fill Niagara with worship. Today we move forward with a plan to build a new sanctuary and lobby at NHFirst, making room for and inviting others to join us as we worship and know and love Him. What a privilege that we get to partner with Christ as He grows His church! Our leadership team has worked hard to prepare details of what we prayerfully and humbly think God is calling us to. Our hope is that together we will pray asking God how he would have us participate, listen for His reply, and then move forward together as we step out in faith to obey what He has said to us.

Where We Are Today

We have continued to preach Biblical truth both here at NHFirst in St. Catharines and at NHWest in Jordan. We've gathered as ONE Church to worship at the Meridian Center and Charles Daley Park. He has taken us from 2 services to 6 services on a Sunday, and 5 flourishing mid-week services for Sr Youth, Jr Youth, and Young Adults.

As a church, we have been praying and asking God to direct our next steps – to open the doors that need to be opened and to close the doors that are not part of HIS plan. And his answer has sometimes been surprising!

So, where are we today? NHWest classrooms have been repaired/restored, the sanctuary renovation is complete and our 2 services are growing!

We've found creative parking and lobby solutions here at the corner of First St Louth & Rykert and many of our church family have embraced attending the 8am service to make room for our Fav5's at the later services. God continues to bring his people to Him and to New Hope Church! People are being disciplined in LifeGroups, baptized, serving and growing in their love for Jesus AND...we are eagerly waiting to see where God will send us next to fill Niagara with worship!

What will multi-service-sites mean?

It means we will take our New Hope flavor—our values and vision and mission—to our new NHWest site and to additional sites across the Niagara Region as God directs us!

Where are we going?

What are we being called to move forward on?
