Blood Covenants:

- * Adam and Eve cut covenant and conceived and gave birth - Genesis 4:1

- * God cut covenant with Adam and Eve by making a garment of skin, clothing them - Genesis 3:21

- * Noah built an altar and offered burnt offerings on the altar - Genesis 8:20-21

- * Abraham cut covenant by cutting animals in half laying each opposite of each other - Genesis 15:16

- * Abraham cut covenant by circumcising the flesh of the males foreskin, a separating the Jews to be His chosen people, a spiritual marking - Genesis 17:11/Eph 1:13

- * Moses took blood and sprinkled it on the people as a blood of the covenant- Exodus 24:8

- * In a Marriage Covenant husbands and wives cut covenant on their first meeting of intimacy, (God built into a woman's body to cut covenant for the first time and is to be saved for that) - Genesis 2:24

- * In the New Covenant the last and final cutting of covenant was made when God gave His One and Only Son to be our sacrificial Lamb - John 3:16

- * Lastly, Why did God choose blood as a symbol of covenant? It seems so messy and gory?
