HEBREW LETTER OF THE MONTH OF KISLEV

This month's letter of the alef-bet is Bet/Vet. It is the second letter of the alef-bet. Say: "Bet". Say: "Vet". Bet has a dagesh. The dagesh is a very special dot that changes the sound of the VET into a BET. The vet does not have a dagesh. The vet makes the sound we equate with the letter "V" in English. The bet makes the same sound as the letter "B". This letter is a lot of fun and helps us understand how the dagesh works in Ivrit (Hebrew). Then look at the items that begin with the letter Bet and Vet below; can you read the names aloud? Run your finger underneath the letters and remember that Hebrew is read from right to left.

Oh, Be Careful

Oh, be careful little eyes what you see
Oh, be careful little eyes what you see
There's a Father up above
And He's looking down in love
So, be careful little eyes what you see

Oh, be careful little feet where you go
Oh, be careful little feet where you go
Our Abba's up above
And He's leading us with love
So, be careful little feet where you go

Oh, be careful little ears what you hear
Oh, be careful little ears what you hear
The Father's up above
And He's hearing us with love
So, be careful little ears what you hear

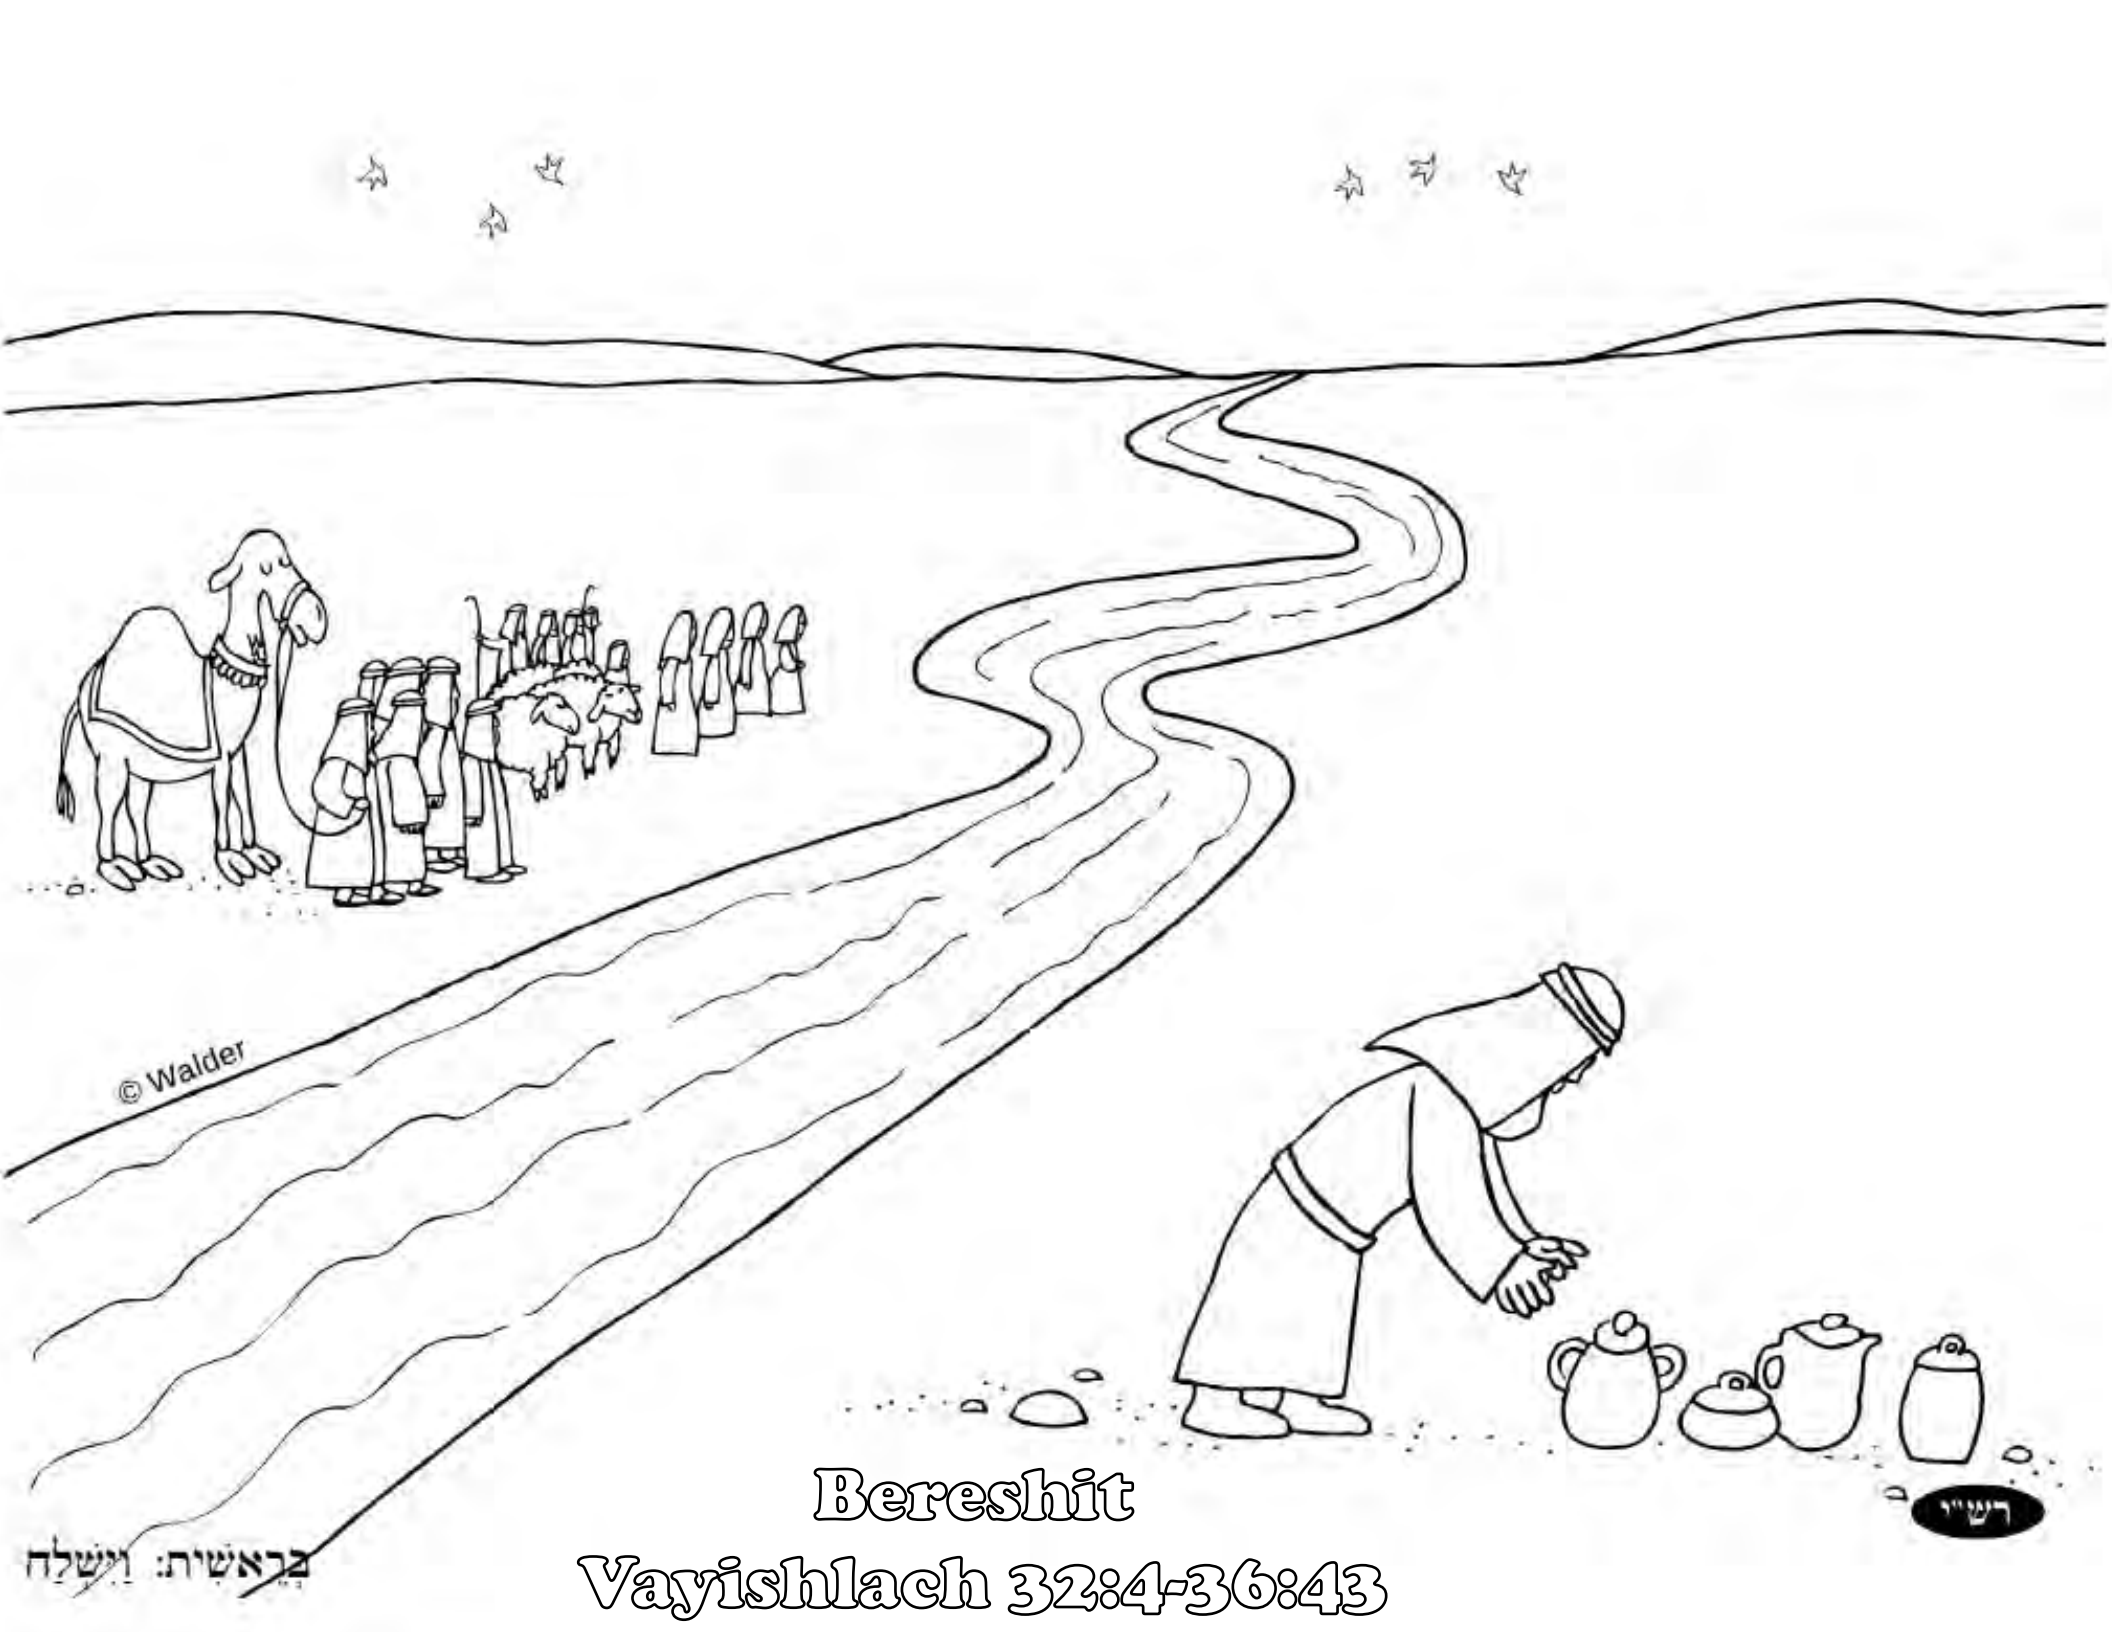

Oh, be careful little mouth what you say
Oh, be careful little mouth what you say
Yeshua is above
And He's speaking out His love
So, be careful little mouth what you say

Oh, be careful little hands what you do
Oh, be careful little hands what you do
Our Father's up above and

He's showing us His love
So, be careful little hands
what you do
