@ 6:00 PM

Up a Creek -
Madison

(181 Hughes Road
Madison, AL 35758)

All ages welcome!

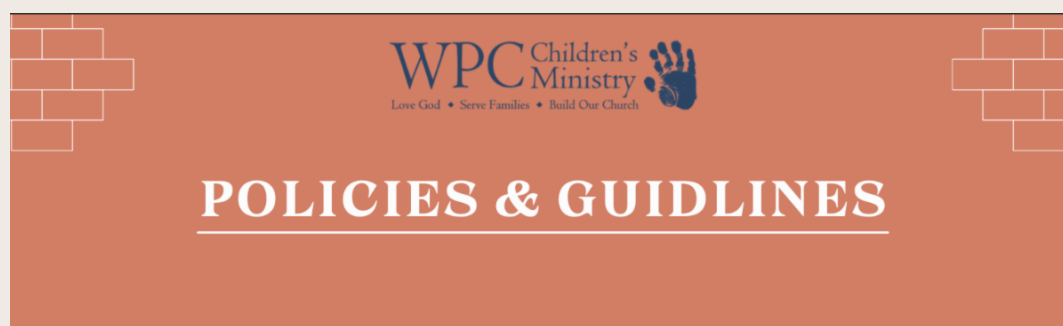

More info to come!

NURSERY
INFORMATION

A few "Nursery Housekeeping" items:

1. **Please, if you plan to check in on your child between service and Sunday school, or during services..check with the Head Volunteer before going to your child's classroom door.** The Head Volunteer is able to give status updates if needed. We have had instances of parents checking in on their child (which absolutely feel free to do), and the child seeing the parent and then not being able to be calmed down again. If this is the case, we will be calling parents to come back and calm their child down. Thank you.
2. **Please ensure KidCheck is up to date with ANY AND ALL medical information, including (but not limited to): Allergies, Feeding, Injuries, Sensitivities, etc.** You can update this from home by logging into your KidCheck account (recommended) or you can update it when checking your child in. If you need help updating your account, please ask Sydney or Cameron.
3. **Please do not enter the nursery rooms, pass your child over the door and give all instructions to the staff member.** We want to ensure the safety of all children, and when doors are opening constantly it gives openings for the safety of the children to be compromised by possible door hitting, fingers smashed, escape artists, and germs from shoes.
4. **POTTY TRAINING-** If you are in the process of potty training your child, please review the potty training policy linked below under our "Policies & Guidelines" area. We also ask that if you are coming in to help your child use the bathroom before or after service, that you utilize the Family Bathroom across the hallway from the Nursery, and if you need a small toilet, that you use the bathroom located in the Caterpillar/Butterfly room as not to disrupt the Bumblebee/Ladybug room.
