SPECIAL PROGRAM FOR CHILDREN THAT INCLUDES SPONSORSHIP

All through November, we ran a special program for our sponsored children filled with fun activities, but our main goal stayed the same: winning their hearts for Jesus. Before each activity, we took time for them to hear God's Word and learn how to pray. Last week, a big group came from various villages' kids, teens, and young alike. During a powerful moment of prayer and dedication, twenty of them stepped forward to accept Jesus as their personal Savior. Even though their parents aren't believers yet, they listened to the Word and chose to give their hearts to Him. We're so thankful to God for these precious children.

PRESCHOOLERS FULL OF ENERGY EVERY FRIDAY

The preschoolers are at the park enjoying their final days for the week. Teachers always include activities that keep the little ones engaged and entertained. On Fridays, kids are full of energy, even though it's the end of the week when you'd expect them to be tired. Whether it's dancing, singing programs, or playing games in the park, the children are happy and actively take part. While the older kids or teenagers are involved in activities like chapel, the preschoolers enjoy their own special programs.

SPECIAL CHRISTMAS PROGRAM FOR PRESCHOOL CHILDREN

The Christmas season arrived at LaCroix Mission Nouveau Testament, and as usual, it was a hot week at the school. The preschoolers, accompanied by their teachers, dressed up smartly and, under the watchful eyes of proud parents, put on a wonderful show of dancing, singing, and poetry recitation, capturing the true meaning of Christmas. All children from the three preschool sections were very happy to show their talents Confident and at ease. The teachers did an excellent job, and the children delivered their programs wonderfully leaving their parents delights. We celebrate God the Father's love, who sent His only Son, Jesus, to be among us. What greater gift could there be? Everyone enjoyed the joyful atmosphere, and after the performance, the children received gifts, shared a delicious meal, and sipped cola together to wrap up the joyful day.
