

ANNUAL REPORT

Hope Fellowship is on a mission to invite everyone to know Jesus and help them move to the center of God's purpose for their lives. 2024 has been remarkable for our church, and I'm excited to share some of our accomplishments.

I usually don't focus on statistics. We don't define our growth by specific metrics or KPIs. Instead, we seek God's direction and allow Him to work through us. This report is only a celebration of what God is doing within our church community. Each number represents individuals and their journey toward discovering God's purpose for their lives.

I've said it before—there's truly nothing like the local church! If you call Hope Fellowship your home, thank you for being part of our community. I encourage you to keep seeking God in all you do and to continue moving toward His purpose for your life. If you're new to Hope Fellowship, I hope you find what you're looking for. Please don't hesitate to reach out if you have any questions.

I love you all!

John McKinzie
Lead Pastor
