

# Volunteers Needed

## Help Our Refugee Neighbors Learn English

For our recently-arrived refugee neighbors, learning English is key to gaining employment and integrating into their new community.

If you speak English, you can make a difference! We provide the curriculum, and with Zoom accounts that provide translated captions, you don't need to speak another language to help!

### Volunteer Opportunities Include:

- Teaching an online English class
- Tutoring students one-on-one
- Providing informal conversational English practice

*"I was a stranger,  
and you welcomed me."*

*Matthew 25:35*
