PRAYER REQUESTS • DECEMBER 28, 2025

MEDICAL

Tyler Davidson: Prayers were answered! On Tuesday, December 23, Tyler was scheduled to undergo a heart ablation procedure to treat a recently diagnosed rare congenital heart condition. Before the procedure, the doctor warned that the electrical issue might be in a risky location and that Tyler might need a pacemaker after the ablation. However, during the exploratory stage of the procedure they found his heart was perfectly healthy—zero issues! The doctor even tried for an hour to induce any irregular rhythm, but everything remained normal.

Tyler and Tori believe this is truly a God thing and the result of all the prayers lifted up! Tyler is expected to be able to return to his job as a firefighter within two weeks. We thank God for this incredible outcome and continue to pray for Tyler's full recovery, as well as for Tori and their three young children as they celebrate this wonderful news together.

John Wood: John continues treatments for pancreatic cancer in a three-month clinical trial in New York City. Last Tuesday's scan showed encouraging news! The main tumor in his pancreas is 20% smaller, the spots in his liver are also smaller, and no new masses have appeared. John's oncologist is encouraged by his progress in the trial, and his neurosurgeon released him after his fall a few weeks ago.

John and family were grateful to be able to celebrate Christmas together in New York at their apartment near St. Patrick's Cathedral. Please continue to pray for the success of John's treatment, relief from pain, and complete

healing. We also ask for strength, peace, and comfort for John, Alicia, and their entire family.

Grace Brown: Grace continues to receive immunotherapy treatments for lung cancer, taking daily oral medication and periodic infusions. Thanks be to God that the treatment is having the desired effect of reducing the lung tumors significantly! The lesions in the brain and hip are shrinking with some no longer visible. The side effects of treatment, however, are taking a toll which requires managing the infusions, which the doctors are doing. Pray that side effects will be reduced in severity as the treatments continue. Please continue to pray for complete healing, strength, and peace for Grace and her family.

Rosemary Lisby: Rosemary continues to experience periodic numbness in her right foot due to a pinched nerve in her back. An epidural is scheduled for January 15 to hopefully resolve the issue. While not in pain, Rosemary is careful when she walks, and at present is not able to drive. Please pray that the epidural will bring complete relief and healing. Also please remember Greg, as he cares for Rosemary—and serves as her chauffeur.

Susan Boling: Susan is recovering well from hip replacement surgery, though she still faces physical challenges, including an open heel crack and extended antibiotics. We thank God for her improved mental and emotional health! Thank you, Lord, for answering prayers for relief and healing. Please continue to pray for Susan's complete restoration of mobility, strength, and overall health.

Continued on reverse...

Calli (Bo Edwards' sister): Calli returned home a few weeks ago after spending several weeks in a mental health facility in Charlotte, NC. Please pray for continued healing, renewed motivation, and peace in her home with her husband and their special needs son.

OUR SICK AND SAINTS AT HOME

Please remember in your prayers the following GC members who have ongoing health issues and are generally unable to attend worship services:

Esther and Russ Johnson: Esther is scheduled for a heart catheterization on Monday, December 29 to help rule out any heart issues that might explain her recent continued lack of strength and shortness of breath. This is complicated by the fact that Esther has Parkinson's disease and several attendant health issues. Insurance initially denied coverage of the procedure, but has now agreed to cover the cost. Please pray that our Heavenly Father returns Esther's stamina, a better quality of life, and the ability to breathe easily once again.

Bert and Joyce Blackwell: Pray for Bert's declining health and for Joyce as his caregiver. Joyce says that they continue to hang in there. Melissa Boyle is helping to coordinate meals; you may sign up to take a meal at mealtrain.com/trains/yrzl3k. Feel free to send Joyce a text of encouragement (no calls, please); she so appreciates it.

David and Carolyn Wheeler: David cannot be around large crowds due to his weak immune system. He is battling cancer in both kidneys as well as prostate cancer. Thankfully, neither has spread, and we pray that this remains the

case since surgery is not an option for either condition. Pain management is currently under control. David credits Carolyn for keeping him alive—she is a wonderful caregiver. They continue regular doctor visits as Carolyn also faces health challenges, yet both maintain positive attitudes. David and Carolyn welcome calls or visits.

THIS MONTH'S SERIES: Many families hit the road during the Christmas season, whether it's to visit loved ones or take a much-needed break. It's a time-honored tradition—one that might even be traced back to the first Christmas, when a bright star dropped a pin on a special location to guide people to the birthplace of the savior.

In this 3-week series, kids learned that **God gives hope to guide us, God gives a Savior to guide us, and God gives direction to guide us.**

MEMORY VERSE: "I am the light of the world. Whoever follows me will never walk in darkness, but will have the light of life" (John 8:12b NIV).
