We need revival, we're on our knees
We lay down our idols, Lord make us clean
Broken and empty, we lay ourselves down
We need revival, we need it now

Come Holy Spirit have Your way
Pour out Your power in this place
Come Holy Spirit have Your way
Pour out Your power in this place

We are your people, called by Your name
Lifted from darkness, to sing out Your praise
We seek Your face, and not just Your hand
Humbly repenting, Lord heal this land

We need You, we want Your presence
We draw near, the gates of Heaven
We need You, we want Your presence
We're after the heart of Jesus
